

Ambika Security Ltd was formed in 1988 to provide security for properties owned by the Crown Estate. The company's core business is the provision of contract security and protection for vacant property.

Resident caretakers occupy vacant property – Ambika operates with a robust Fire Safety regime to ensure the safety of all its employees.

Ambika pro-actively manages fire safety in all its properties;

- ✓ Fire risk assessments are undertaken for all properties and reviewed regularly
- ✓ All buildings are inspected weekly to manage fire safety
- ✓ Fire notices and plans are visible in all properties
- ✓ Full fire safety training and awareness is provided for all employees
- ✓ Site specific fire, health & safety information is provided to our caretakers
- ✓ All employees are provided with personal smoke detectors
- ✓ All employees are provided with personal fire extinguishers
- ✓ Fire marshals are trained and deployed on larger sites
- ✓ Fire safety features in a 20-page section of our Caretaker Manual
- ✓ Fire safety issues are communicated regularly in our corporate newsletter
